

# Catch a Wave!

1.8mm Square / Cube Seed Beads, Seafoam AB  
Size 11/0 Seed Beads, Matte Cream  
1.5 x 2.5mm Rondelle Crystal Beads, Green Half Blue Iris  
Strong Beading Thread, such as Wildfire .006  
#10 Hard Beading Needle  
Clasp and any desired embellishments

[Watch the video here](#)

## Step 1

Cut 80-inches of thread. Thread a needle onto both ends. String (1)11/0 seed bead and bring it to the midpoint. On each strand, string cube, 11/0, cube. Bring each side through an 11/0. seed bead in opposite directions. Pull both strands to tighten. Repeat to desired length, plus 1/4-inch.

## Step 2

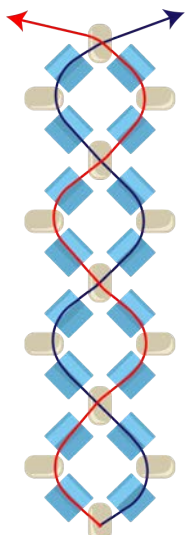

Leave one of the strands aside. Working with the other, weave to exit from a side 11/0. Work right angle weave to add a second column to the first.

## Step 3

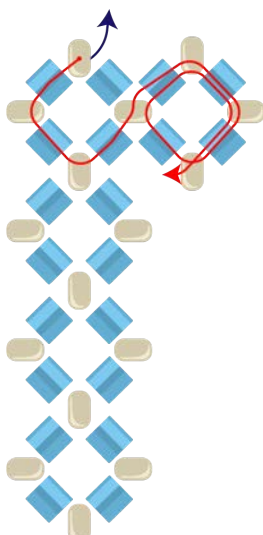

Weave to exit from the bottom 11/0 in the last segment added. String (3)11/0 and bring the needle over through the bottom 11/0 in the adjacent segment. String (3)11/0 and go through the bottom 11/0 (net point) of the next segment. Repeat to the end. Using the thread strand left behind in Step 2, work (3)11/0 and jump to the next 11/0 in the adjacent segment. String (1)11/0 and (1)Rondelle and go through the middle 11/0 of each segment down the other side.

## Step 4

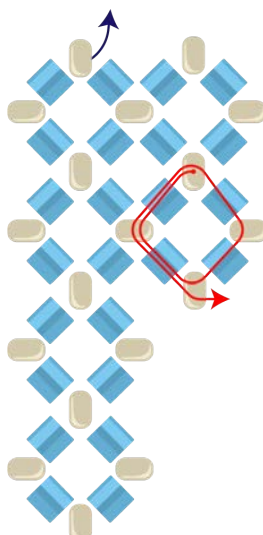

Weave to reinforce the (3)11/0 where the clasp will connect to each end of the bracelet. Then weave each strand a few times through the work to weave in and trim excess threads. Attach your clasp of choice using jump rings.
