

Flat, Spiral Rope

Supplies

6mm Glass Rounds, Coral, 27290014-11

1.5x2.5mm Tiny Crystal Rondelles

Copper, 27290108-50

Dark Green Half Blue, 27290108-40

1.8mm Cube Seed Bead, Sea Foam, 695SB18-0481V

11/0 Seed Bead, Dark Cream Matte, 695SB110-2022V

9mm Czech Flower, Red on Alabaster, 27889001-02

Beading Thread, Size D, .006in, or 6lb test

Size #12 Hard Beading Needle

Scissors or Thread Burner

Toggle Clasp, Head Pins, Jump Ring

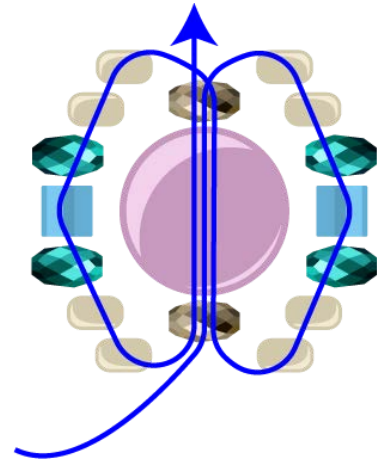

Chain Nose, Round Nose, and Flush Cutters

Step 1

Cut 90 inches of beading thread. Leaving a 10 inch tail, string the core beads: (1)Tiny Crystal Copper, (1)6mm Round, (1)Tiny Crystal Copper. Create an arm, which is (2)11/0, (1)Tiny Crystal Green, (1)Cube, (1)Tiny Crystal Green, and (2)11/0. Go back through the core beads. Create another arm. Go back through the core beads. Help the new set of arm beads sit to the opposite side.

Step 2

String (1)6mm Round and (1)Tiny Copper. String a set of arm beads. Go back through the last (3)core beads. The new arm will sit above the former arm below it. String another set of arm beads. Go back through the last (3)core beads. Help this second arm sit on the opposite side. It will also rest above the set of arm beads below it. Repeat Step 2 to desired length.

Step 1

Step 2

Flat, Spiral Rope, Clasp

Step 3

Use the remaining working thread to attach the toggle bar at the top of the bracelet. String (1)11/0, (1)Tiny Green, (1)Cube, (1)Tiny Green, and (1)11/0. Go through the toggle bar. Go back through the beads, continue down the core beads, exiting from the third tiny crystal copper. Weave up through the arm (2)11/0, (1)Tiny Green, (1)Cube, (1)Tiny Green, then (1)11/0. Exit there and jump up to the arm above, going through its second 11/0. Continue through its Tiny Green, Cube, Tiny Green, and (2)11/0. Weave back up through the beads leading to the toggle, then back down again. Head down through the other arm and connect it to the arm below it by exiting from the 3rd 11/0, under the tiny green crystal, then connecting that to the second 11/0 in the arm below. Weave down the rest of that arm, then head back up through the third Tiny Copper and core beads above. Reinforce the clasp once more, then weave in and trim.

Step 4

Repeat Step 3 to attach the toggle ring using the tail thread, with one variation: you can use just (2)11/0 to attach the ring side. Weave in and trim remaining thread.

Step 5

Place a set of seed beads onto a headpin and create a wrapped loop above. Create a second headpin charm using the 9mm flower bead. Use a single jump ring to link the beads to the small ring of your toggle clasp.
